When colour chips are issued at an amount higher than the minimum, a marker or cash chip of the equivalent value shall be used to clearly denote the value of the colour chips and shall be placed either on the bank of colour chips or on a stand specifically for this purpose.
- 1.1.2 “Dolly” is the object that is placed on the winning number.
- 1.1.3 “Revolution” means the movement of the ball completing a rotation round the wheel along the ball track.
- 1.1.4 “Round of play” means the period of play commencing with the commencement of play and concluding when the Dealer announces an outcome and, if applicable, collects losing wagers and pays winning wagers.
- 1.1.5 “Spin” means the process that begins with the Dealer causing the ball to be spun in the opposite direction to the rotation of the wheel and ends when the ball falls into the winning number.

2. Mode of Play

- 2.1 The layout for this game is as shown in Appendix “A” with designated playing areas for the placement of wagers. Appendix “B” indicates examples of the placement of the available wagers.

3. How to Play

- 3.1 Commencement of play shall begin when the Dealer announces “Place your bets, please”.
- 3.2 Closing of bets shall take effect when the Dealer announces “No more bets”.
- 3.3 A Player in the game of Double Zero Roulette places one or more wagers using cash chips or colour chips or both on any of the different types of wagers (listed under Rule 3.4) on the layout.

- 3.3.1 Each wager at a particular playing area may be placed by individual or multiple Players, provided that it is within the minimum and maximum limits displayed at the table.

- 3.5 The Dealer, Pit Supervisor or Pit Manager may, at the request of a Player, place wagers on behalf of the Player prior to "no more bets" being announced. It is the Player's responsibility to ensure that the placement is carried out correctly.
- 3.6 The Dealer shall spin the ball in a direction opposite to the rotation of the wheel and the ball shall complete at least four revolutions around the track of the wheel to constitute a valid spin.

- 3.7 While the ball is still rotating around the wheel, the Dealer shall announce “No more bets” to signify the closing of bets.
- 3.8 The winning outcome shall be determined based on the compartment which the ball comes to rest in. Upon the ball coming to rest in a compartment of the wheel, the Dealer shall announce the outcome and shall place the dolly on the corresponding number on the layout.
- 3.9 After the ball comes to rest in a compartment, if there are wagers on the layout which were not placed clearly or inadvertently moved during the round of play, the Pit Supervisor or above shall determine the treatment of such wagers on the layout.
