1. Definitions

In these rules:

Baccarat Table of Play is a set of mandatory rules that dictate whether the Player and Banker should stand or draw an additional card.

House means the Casino Operator.

Natural means a two-card total of eight or nine points achieved by either the Player hand or the Banker hand.

Non-Commission Baccarat means a version of Baccarat where wagers placed on the Banker shall be paid at odds of 1 to 1 except in the event where the Banker wins on Six Points (in such an event, only 50% of the amount wagered on the Banker shall be paid.)

Player Pair or Banker Pair means the first two cards of either the Player hand or the Banker hand, as the case may be, and such two cards form a pair (for example 10, 10 or K, K).

Tie means that the Player and the Banker hands have the same point count.
