5. Irregularities

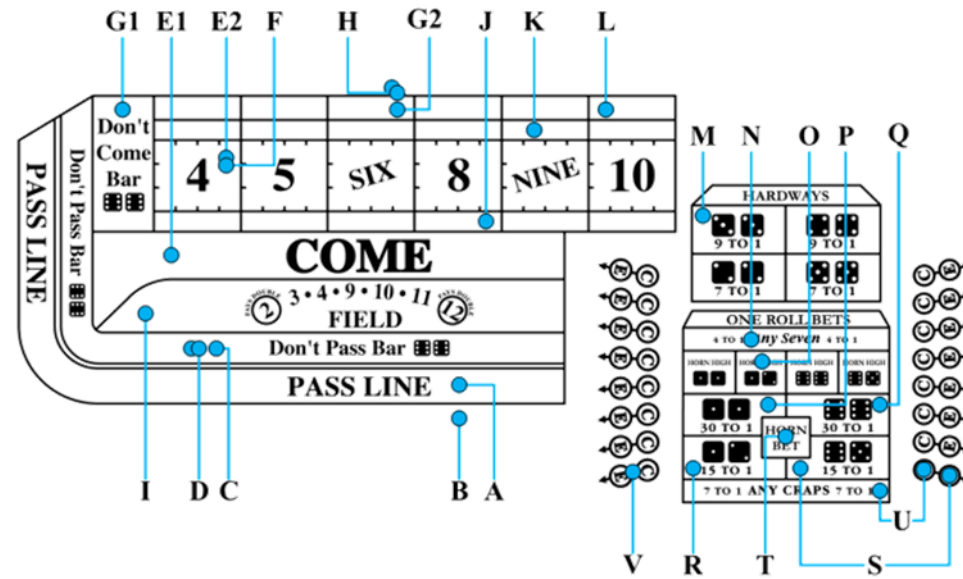

- 5.1 In the event the total Bets placed on any betting boxes exceed the maximum permissible limit for that betting box, and this is noticed by the Dealer before the Bets are closed, the House shall reject the excess Bets.
 - 5.1.1 However, if the excess Bets were not rejected, the Player shall win or lose his Bet based on the permissible maximum limit for that betting box. Such apportionment shall not result in any Player winning or losing based on a pro-rated Bet that is below the minimum permissible limit.
 - 5.1.2 In the event that any Player has, in a betting box that has exceeded the maximum permissible limit, placed a Bet that is under the minimum permissible limit, pro rata shall not be applied, and such Player shall win or lose accordingly.
- 5.2 In the event the total Bets placed on any betting boxes do not meet the minimum permissible limit for that betting box, and this is noticed by the Dealer before the Bets are closed, the Dealer shall advise the Player that the minimum permissible limit must be met and give the Player the opportunity to increase or withdraw his Bet.
 - 5.2.1 However, if the Dealer does not notice that the Bet falls below the minimum permissible limit, the Player shall win or lose accordingly.
- 5.3 In the event a Player walks away after he has placed a Bet and there are still decisions to be made by the Player in relation to game play, he shall be considered to have folded his Bet.
- 5.4 In the event a Player walks away after he has placed a Bet and there are no further decisions to be made by the Player in relation to game play, the House shall settle the Bet.

- 5.5 In the event of a technical interruption (such as a power failure) that affects the continuation of a Round of play, if:
- 5.5.1 an outcome has been established i.e. any of the available Bets has conclusively won or lost, play shall continue and the Round of play shall be concluded; or
 - 5.5.2 no outcome has been established i.e. none of the available Bets has conclusively won or lost, the Round of play shall be Voided.
- 5.6 Once the next Round of play has commenced, the outcome and settlement of all previous Round(s) of play shall stand.
- 5.7 After the Dealer announces "No more Bets", no Bet may be placed, increased or withdrawn and the Dealer shall refuse all such Bets.
- 5.8 An error that occurred during a Round of play that is not noticed until after the commencement of a subsequent Round of play shall not have any effect on the outcome of the subsequent Round(s) of play.
- 5.9 Bets shall be settled in accordance with the position of chips on the layout when the Bets are closed. The House shall not be liable to pay for any Bets placed in error by the Player or by the Player through the House or someone else on the betting layout at the gaming table.
- 5.10 Where the Round of play is Voided, all Bets made by the Players for that particular Round of play shall be returned.
- 5.11 The Pit Employees may, at the request of a Player, place Bets on behalf of the Player. If instruction is given to the Pit Employees, it is the responsibility of the Player to ensure that the Bets are placed correctly on his behalf.
- 5.12 Where provisions in the Game Rules do not provide for the resolution of (a) any irregularity and/or scenario not covered in the Game Rules and/or (b) any interpretation issues relating to the Game Rules, the decision on how to resolve such matters shall be made by the Table Games Shift Manager or above
